## Results and Discussion

All figures, such as Figure 1, must be referenced in the text.

**Figure 1** Figure legends are placed below figures. Figures should have axis titles.

Similarly, all tables, such as Table 1, must also be referenced in the text.

**Table 1** Table legends are placed above tables. All columns should be explained in the legend, as illustrated in the following: “Barcode” are identified barcode sequences; “Number of sequences” are the number of sequences having the corresponding barcode.

Barcode	Number of sequences
AAA	4
CCC	4
GGG	4
TTT	4
